

TRI USA East 2014 Seminar

PCBA Inspection: Cost Effective Approach to Quality

Dear Clients and Partners,

Join us in the heart of New England for a one-day seminar filled with the newest trends in PCBA inspection and testing technologies.

TRI's leading experts will be ready to share the latest product knowledge and innovations designed to reduce quality costs and fully automate PCBA production inspection, monitoring and testing.

Find out how quickly TRI solutions can help you reduce costs and solve your production quality issues.

We look forward to seeing you on September 19 in Boston, MA.

Embassy Suites - Boston/Waltham
550 Winter Street, Waltham, MA 02451
Front Desk: +1 (781) 891-6767
